Second Grade: Chapter 8: Add and Subtract in Inches; Measure in inches and feet; Estimate lengths; Display measurement data

Third Grade: Chapter 8: Fractions on a Number Line; Relate Fractions and Whole Numbers; Fractions of a Group; Find Part of a Group; Find the Whole Group

Project: We are a little off schedule due to the weather and 100th day. We are going to start the week by exploring soil. Why is soil important? Thank you to the Visage family for donating magnifying glasses. We have been exploring rocks and will use them with our soil investigation. We will finish the week making posters to display that remind people to take care of the Earth.

ART Monday: Paper Rockets- I found a book that shows us how to make rockets. As much as they like making planes, I thought they would like the more complex rocket.

Chapter Book: *A Wrinkle in Time* by: Madeleine L'Engle

General Information :

Parent's Night Out is scheduled for Saturday, February 10th, 6-8pm. This will coincide with the Green Earth Luminary Hike. If you would like to take a hike with someone special, CNS can watch your kiddos from 6-8pm. Tickets for Green Earth are \$10 each. I will forward email on Luminary Hike. Parent's Night Out is \$25 per child. This will include pizza and playtime.

CNS is making Valentine's Day cards for the residents at The Landing Assisted Living. **We are wanting to get donations of individually packed Valentine's Day treats, such as gummies, cookies, graham crackers or adult coloring books, crossword puzzles, and word searches.** I would rather avoid candy. We will deliver the cards and treats/gift to 50 residents on February 13th. **I will need one driver that day to take 2 students.** I can fit the other 4 in my vehicle.

We made it to 100 days. That means there are only 72 days of school left. It goes by very fast. Thank you for everything that you do for all of us at CNS. We can't do it without you.

Repeated Information:

Calendar of Events:

February 10: Parents Night Out/Green Earth Luminary Hike
