SPANISH:

Chapter Book: *A House With a Clock in Its Walls* by: John Bellairs

GENERAL INFORMATION:

Remote work has been sent home for Solar Eclipse day. That work is due back Tuesday, April 9th. We will be sharing our experiences that morning. If the work is not turned in on Tuesday at 8:30A.M., Monday will be considered an absence for your child. Late work will not be accepted.

The class has decided to make a giant dinosaur display in our classroom. I am excited for parents to see the work that they have put into it. It will be available for viewing at conferences and Open House. They will also display their dinosaur research.

We have completed our Plant the Moon Challenge. We did not have a lot of growth in our plants. But, we learned a lot about science, collecting data, and writing reports. We will turn in our final video and survey next week. Our display board is made and will be available for viewing at conferences and Open House.

I have sent home the field trip form for Rend Lake. Please return by Monday. If it is nice we will eat at the Rend Lake park.

Repeated Information:

Calendar of Events:
