RE: Three Year Reinspection 30-039-1400-004X

Dear Administrator:

The Illinois Department of Public Health has received the "School Information Form" for the AHERA three-year reinspection of the above-referenced school.

The three-year reinspection report should be incorporated into the school's copy management plan. During on-site AHERA compliance inspections conducted by the United States Environmental Protection Agency (U.S. EPA) and Illinois Department of Public Health personnel, the plan will be reviewed for the required materials. If any item is found to be missing or deficient the school could receive a letter of non-compliance from U.S. EPA. Department.

Thank you for your compliance, if you have any questions, please contact Kent DeWitt, Chief, Division of Environmental Health, Asbestos Program, 525 West Jefferson Street, Springfield, IL 62761 or telephone 217/782-3517, for the hearing impaired only (TTY# 800/547-0411).

Sincerely,

A handwritten signature in black ink that reads "Justin T. DeWitt". The signature is written in a cursive style.
