Construction week was definitely a success! The students used different shapes of paper to make trucks, we practiced our hammering skills, we used blocks to measure different objects, and we also used different material to see what kind of structures we could build! (check out the pictures on our facebook page!) We also practiced our letter Cc, the number 3, and worked on writing our names.

Next week we will be learning about the letter Dd and our theme will be dinosaurs! We have a lot of exciting projects planned including using vinegar to hatch dinosaurs out of baking soda eggs, making fossils, and making a big paper mache volcano that we will erupt at the end of the week! We will also practice writing the letter Dd and number 4 as well as continue working in our small groups for math and literacy activities.

Weekend Homework:

This weekend we would like for you to work with your child on counting and number recognition.

Reminders:

On September 20th we will be having a bake sale! You can help out by donating a delicious baked good or sending money so your child can buy something.

Have a spectacular weekend!

Miss Jennipher and Mrs. Melissa
