

Friday, September 22, 2017

We say this every Friday, but we had another super awesome week in Pre-k/Kindergarten! The students loved all of the dinosaur activities that we did, especially watching our volcano erupt this morning (check out the video on our facebook page!) We also made dinosaur hats and feet that we used during a dinosaur stomp dance that we learned. Planting day was a success too! All of the students participated in planting our native plants and we also painted rocks to add to our garden.

Next week we will be learning about the letter Ee and we will be talking about how to take care of our environment. We will talk about recycling, do some planting projects, and discuss practical ways we can take care of the earth. We will also practice the letter Ee and the number 5 and continue working on name writing, counting and number recognition, and simple math skills.

Weekend Homework:

This weekend we would like for you to work with your child on name recognition and writing. We sent home a practice worksheet for you to use if you would like, or you can be creative with it! Using paint, shaving cream, or stickers are a few examples!

Reminders:

Wednesday, September 27th is picture day! If you would like to send an extra outfit for your child to change into after pictures you are more than welcome!

Happy Fall!

Miss Jennipher and Mrs. Melissa
