

Friday, February 23, 2018

Happy Friday! We have had so much fun learning about underwater life this week. We wrote about our favorite sea animals - seahorses and dolphins are pretty popular! - learned about endangered species, and worked in small groups to create a boat that could float for 30 seconds. We had some very creative boats and a few successful attempts!

Next week we will be learning the letter Vv and talking about vegetables. We will be doing some taste testing and graphing our favorite vegetables, working on our measuring skills, regrowing vegetables from scraps, as well as many other activities. Friday we will be celebrating Dr. Seuss' birthday! We would LOVE to have parents come in and read a favorite Dr. Seuss book to the class. We have placed a sign-up sheet on our bulletin board by the cubbies if you are available to come in.

Weekend Homework:

Ask your child to show you how they can count by 10!

Reminders:

If you arrive at school after 8:30 you must check in at the office BEFORE coming into class. We will no longer be unlocking the door unless we have received a phone call from the office informing us that you are here. We want to keep our classroom as safe as possible.

We will be having a book sale after school on March 22nd and 23rd. If you have any gently used books, board games, or movies that you would be willing to donate we would greatly appreciate it! We are raising money to buy a shed for our building so we can better utilize the space in our classroom.

Have a great weekend!

Miss Jennipher and Mrs. Melissa
