

## **Friday, October 5, 2018**

Happy October! We learned so much about spiders this week! Did you know that some spiders eat fish? We also practiced our fine motor skills and number order by making spiderwebs, completed a watercolor painting, and worked on our subtraction skills.

### **Weekly Focus**

**Letter** - Gg

**Number** - 7

**Shape** - Heart

**Color** - pink

**Sight Words** - ate, good, get, can, see

Next week our theme will be Fire Safety. We will get to visit the fire station, talk about the equipment fire fighters use, practice our cutting and pasting skills, and have a relay race!

### **Next Week's Focus**

**Letter** - Hh

**Number** - 8

**Shape** - Star

**Color** - Brown

**Sight Words** - did, with, she, went, that

We are looking forward to our Fire Station field trip next week! We will be leaving around 8:45, please don't forget to leave a car seat for your child.

We have also planned a trip to Bandy's Pumpkin Patch. If you can drive students we would love to have you!

We are in need of some more Lysol spray and baby wipes, we would greatly appreciate a donation!

Scholastic orders are due on the 15th! This is a great way to get cheap books for home and allows us to get free books and activities for our classroom.

We have been noticing that the bugs have been abundant on our playground, so we have been putting bug spray on the kids. If you would like to provide your own please feel free. If you do not want bug spray on your child please let us know!

Thank you so much to the Figueuroa family for providing gravel for our back playground! The kids have really enjoyed playing in our new construction areas this week.

The laundry schedule will be as follows:

-October: Rachatanavin Family

-November/December: Roberts Family

- January: Watters-Sandroch Family

Enjoy your long weekend!

Ms. Jennipher and Ms. Melissa
