

Thursday, October 10, 2019

We started learning all about autumn this week! We practiced rhyming words, patterns, and letter recognition. We also took some time to go on a leaf hunt. We used the leaves to make leaf rubbings and created some really cool leaf mobiles to hang around our classroom. Kindergarten started chapter 3 of GoMath and have been working hard on recognizing sight words in poems and stories.

Weekly Focus

Letter - Gg

Number - 7

Shape - Hexagon

Color - Brown

Focus Question - What are the signs of autumn?

With two short weeks we will continue talking about autumn next week. We are going to make nature scarecrows and work on counting skills to make beaded corn cobs. We will continue to practice making and extending patterns while working on cutting and pasting skills.

Focus Question - What are the signs of autumn?

Since the cooler weather has been approaching please work with your child on putting on his/her jacket!

If you have not turned in the money for the Breezy Hill field trip please send it in soon. It is \$5 for each child and \$1 for each adult if you are chaperoning.

Enjoy your long weekend!

Ms. Jennipher and Ms. Melissa
