Register for next year!!!!

REPEATED INFORMATION

We would love for families to start utilizing our after school program. It is only \$5 per hour. The more kids we can get the more fun they have. We are wanting to start creating special programs for this time.

Valentine's Day is quickly approaching. We will have a closed classroom party (no family). This gives us time to explore our Valentine's Day cards and just appreciate each other. On that note, I always encourage students to make the cards. We are at the age where drawing and writing are important. If you need any construction paper please let me know and I will send some home with your child.

The purpose of life is a life of purpose.

Robert Byrne
