

Ms. Melissa's Class Newsletter for the week of March 27th

Conferences will be held on April 5th in the evening and all day on the 6th, please sign up as soon as possible. There will be no school on April 6 & 7 due to conferences.

We only have 6 weeks of school left, and keep in mind that each family must fulfill 40 hours of volunteer hours. There is a great opportunity to complete some of those hours over the weekend. A playground building day from 10am until 2pm this Saturday has been scheduled. There was a green flyer sent home with your child with additional information on Thursday.

I also sent home a field trip form on Thursday. We will be attending the Purdy School, a historical one room school house at John A. Logan Historical Village. Please return the form no later than April 10, 2017.

Here are some activities and concepts for next week...

Math

1st grade – We will be reviewing subtraction concepts instead of continuing with our chapter. I encourage you to practice with your child at home.

2nd grade – Continuing telling time.

Language Arts

All students will be learning to research information and utilize the information to create an informative paper/travel brochure, presentation, and display their information. We will be working on this project for the next three weeks. Part of the project will be on display at the History/Science Fair on April 13th. I have attached information that will be given to students. This year we will be focusing on states. Students will have the opportunity to work to with partners or alone.

Since we will be focusing on the project we will not have a spelling test for the next couple of weeks.

Read Alouds

Chapter Book- *The Enormous Egg* by Oliver Butterworth

Project

Students will be conducting an experiment based on their hypothesis. We will be focusing on plant growth with the project.

Important Dates:

4/6 – Corporation meeting

4/6 & 7 – No School

4/13 – Noon Dismissal with Child Care, Science/History Fair and Open House(5-7)

4/14 – Holiday- No School
