

Ms. Melissa's Class Newsletter for the week of April 24th

Our field trip to Purdy School at John A Logan School is on Monday. We will be leaving at **8:15 am**. If your child is late it will be your responsibility to drive them to the field trip or take them home. Students 8 years or younger **MUST** have a booster seat. Please leave their seat in the foyer with their name on it. Legally I cannot transport students without seats. Students also need to have a sack lunch with something to drink. We will not have access to a microwave to warm food at lunch. I appreciate the parents that volunteered to drive for our field trip.

Order forms should be in your mailboxes for Locally Grown T-Shirts. Orders for shirts are due by April 25th.

Here are some activities and concepts for next week...

Math

Last week we spent time learning how to measure in inches, this week we will be measuring in feet. We will also be learning how to estimate measurements in both inches and feet.

Language Arts

Last week we began working in centers during language arts time. There are five centers in which the class rotates every 15 minutes in pairs. Ask your child what the topic is at each center. I found that the student's are really enjoying this time.

We also began to read, *Sarah, Plain and Tall* by Patricia MacLachlan as a class. There will be activities that we will complete each week. The activity for next week requires flowers or fresh cut herbs. If you are willing to donate flowers or herbs please let me know by Wednesday.

Read Alouds

Little House on the Prairie- Laura Ingalls Wilder

Project

We will be focusing on pioneer times in American history.

Important Dates:

Have a great weekend!
