2/17- last day of second trimester

2/18- No school, institute day

2/21- No School, President's Day

Classroom Wish List: Sanitizing Wipes!!

Valentine Store Economic Project

3/4 grades will be running a Valentine store on 2/10, 2/11, 2/14. We have studied target market and product development. Each student will create a store and product that the other classes can come visit/shop at. Students can create any product such as cards, treat bags, valentines, anything they think the kids would like to buy as gifts for friends/family. Each item will be \$1. The students will create a "store front" on trifold poster board, set hours, and create advertisements.

All money collected will then be used in a math project. The students will use sales ads from local stores to determine where they can get the most canned goods/food items at the best price and create a shopping list. I will purchase the items for donation to a local food pantry.
