

We are reviewing content we've covered this year with trivia games, charades and pictionary and having a lot of fun with it!

We will be doing fun review activities all week! Crack the binary code, math puzzles, word searches, nature scavenger hunts, voting on superlatives, spelling bee, lots of math puzzles and games! They will do a vacation planning math project and Mr. Bones, the life size skeleton will also be here this week for a science lab! Please see the attached form to sign up for goodies to bring for this super fun week!

Dates to Remember
