

EL INFORMANTE

Español at CNS

octubre 2016

Pre-K/K

Ms. Kathy's Spanish class has continued learning how to count from 1-10. The kindergarten group has even gone on to learn numbers 11-20. We have read stories to help us learn numbers, as well as sing songs and play games. In the last week, we have talked about Hispanic Heritage Month and other countries that speak Spanish. They have been working hard to learn their song they will present at our celebration, "Bate, bate, chocolate."

1st-3rd

In Ms. Melissa's Spanish class, we have learned more about each other. We learned how to say: a few actions we can do, our age, numbers, and the days of the week. This class enjoys singing, watching videos, and coloring. For the past week we have been learning about Hispanic Heritage Month, a few notable Hispanic Americans, and their contributions to our culture.

Level 1 4th-8th grade Spanish class practiced expressing their emotions by creating "emojis." See their display in the Spanish classroom!

Hispanic Heritage Month Hello CNS families! Welcome to October! We are smack dab in the middle of Hispanic Heritage Month, which is celebrated from September 15-October 15 each year in the US. It is a time to recognize and celebrate the rich culture and tradition of Latinos in the US, as well as the contributions they make to our culture. CNS will host our very own Hispanic Heritage Celebration on Friday, October 14 at 10:45am at the school. All families are invited to attend. There will be presentations from each class, food, and student work on display. Hope to see you there!

In Ms. Carla's Spanish class, we have learned a lot in a short amount of time. In Level 1 Spanish, we have learned numbers, how to say our age, how to talk about our feelings, and even a few things we like or don't like to do. We have played games, held conversations, and made "emojis" (see below). In Level 2 Spanish, we continued our review of previously-learned skills by talking about likes and dislikes, the classroom and our school, and describing ourselves. We have drawn pictures, put on skits, interviewed our classmates, and written about ourselves. In the last week, both levels have come together to learn more about Hispanic Heritage Month. We have talked about heritage, culture, and what it means to be Hispanic or Latino. We will still be learning together in the next few weeks as we continue celebrating Hispanic Heritage Month.

4th-8th

(left to right, top to bottom)

Estoy enfermo, estoy aburrido, tengo miedo, estoy enojado, estoy nervioso, estoy triste, estoy excelente, estoy contento.

Estoy = I am
