

¡Hola!

March 28, 2017

Dear Parents:

This is a report of what grades 4-8 students have been learning in our Spanish class:

- *Nouns of unclear gender.*
- *Everything about the Weather.*
- *The Colors.*
- *Describing a noun with the colors.*
- *Questions and answers using the colors.* (What is your favorite color?)
- *Subject Pronouns.*
- *The Informal and Formal You (tu, usted).*
- *Adjectives: words to describe.*
- *Adjectives to use with Ser (to be).* Describing people.
- *Valentine's Day Vocabulary.*
- *Pronunciation and spelling with the letters H, G, J,C, Y, Z.*
- *Reading practice.*
- *Vocabulary.*

After learning each subject, we practiced with different games: bingo, matching cards, memory cards, board games. They enjoy those games! The students were assigned homework to keep practicing. Their pronunciation has improved with the reading program. I have been working individually with each student, and we keep practicing our letters. Also, the students had been working with a Spanish-English dictionary to improve their spelling.

Your student is doing great!

Thank you for your help!

Mrs. Liz Ramirez-Null
Spanish Teacher
